Farming Equipment & Technology Fund – Grants in 2023

Grants for farmers, horticulturalists, forestry owners and contractors for specific items of equipment.

This year, the grant has been split into 2 themes;

- **Productivity and Slurry - *NOW OPEN***
- **Animal Health and Welfare – Opening in March 2023**

Some of the items available under the Productivity and Slurry theme include;

Item	Grant Payment (£)
FETF26 Robotic Slurry Pusher/Collector	£7,573
FETF28 Flow Rate Monitoring of Slurry	£2,134
FETF32/33 Dribble bar minimum working width 6m/10m	£4,200/ £5,400
FETF36/37 Trailing Shoe Slurry System 6m/8m	£7,375/ £8,017
FETF44/205P/45 Direct Drill 3m/4m/6m	£12,054/ £14,276/ £18,720
FETF112 Grassland Sward Lifters	£2,804

The Animal Health and Welfare theme, which will open in March 2023, will include items such as:- mobile or fixed cattle handling systems, cattle crushes, head scoops, mobile or fixed sheep handling systems, weigh bars, electric fencing and ventilation fans.

The grants are for a minimum of £1,000 and maximum of £25,000 per theme, and are based on set grant amounts for each item. The grant element is usually around 40% of the item's cost, however if the price of the item you purchase results in the grant payment making up a lesser or greater percentage, this will not affect the amount of grant paid, so long as the requirements below are still met.

These requirements include all equipment which is purchased to meet the minimum specifications set out within the option guidance, to be brand new (ex-demo or second hand is not allowed) and purchased through a supplier or manufacturer. All items must also be paid for in full (part exchange is not allowed) and no items must be purchased before a grant funding agreement is offered, although it is possible to secure items with a refundable deposit if you are concerned about supply issues.

The application process is competitive with each item given a score, and applications with the highest average scores then being offered agreements.
