PRIME CATTLE (RED)

Auctioneer – Mark Burgoyne 07831 192603

171 PRIME CATTLE

This is the first time we have seen trade drop to last year's levels and below in some cases. With wholesalers and butcher reporting very slow sales, it is no guaranteed that cheaper cattle will generate more throughput in the short term. It would be fair to say that there were fewer best quality handy weights penned this morning compared with recent sales, with a much greater proportion of heavy breaking sorts, lean bulls and fatter clean cattle. Many cattle were also over thirty months.

Handy weight bullocks with shape sold to 211p/kg, with heavy bullocks only achieving £1312.40.

Butchers heifers met favourable prices however selling to 240p/kg for females around half a ton. Second quality very difficult especially if fat.

Bull trade was disappointing with bull meat sales hitting "the wall". Friesian Holsteins took a 10-15p/kg hit, with any very lean bulls of whatever breed tricky. British Blue suckler bulls sold to 197p/kg. No bulls over 200p/kg today.

12 COWS

Cow trade was as good as last week with more cheaper product required by the big players. Blonde cows sold to 150p/kg and 154p/kg or to £1338 in the lump. The available dairy cows were basically plainer and sold to 80p/kg with foreign cows meeting slow demand.
