

# CARMARTHEN LIVESTOCK MART

## WEEKLY REPORT – 13.05.22

### 22 BARREN COWS

**Auctioneer – Mark Burgoyne 07831 192603**

No let up in this trade again in Carmarthen. Not too much meat about this morning but all sorts sold to advantage with strong buyer support for keeping cattle or abattoir candidates. Best young Charolais cross cows from Bessent, Tirbach Farm sold to 230ppk for 675kg and Limousin to 214ppk from Davies, Gilfach Farm. Tested Angus crosses sold to 207ppk for 760kg (£1573.20).

Dairy cows were not quite good enough samples to hit the £2/kilo barrier, but sold to 192ppk for Davies, Tresilwood Farm.

Once again Carmarthen prices for in advance of dead quotations, so perhaps try us with a cow or two in the near future and get the Mart buzzing once more!!

Your continued support is much appreciated. Diolch.

### **125 STORE CATTLE**

A few less numbers this morning, with trade sharp on stronger cattle both for feeding and grazing. Small stores are definitely suffering a little at present with the long term prospects difficult to foresee. Plain, small cattle struggling to find customers.

Hereford steers soared to £1880 from Morse, Capel Farm with Holstein steers to £1240 from FFGF Farm to £1200. The heifer department was topped by Llwyd, Glanrhyd selling their Simmental to £1390. Continentals from Thomas, Ystlys y Coed sold to £1290 and £1250.

A total clearance barring one old crossbred bull more cattle were need – the demand is there as long as they will turn into what the market requires at the end of the day. 200 plus stores needed next Friday, please book your cattle in with Mark, Llyr or via the mart office in Carmarthen so that buyers can be notified.
