59 BARREN COWS

Auctioneer – Elwyn Thomas 07989 850307

Consistent numbers through the barren ring over last few weeks with excellent trade on the meatier type of animals. Main difference this week in the sale ring was the difference between barrens from farm assured status and non-farm assurance farms, being as much as £100 to £140 per head difference.

Top price in lump was 100-month-old limmie cow at £1960 from Thomas Cefnmystrych weighing 860kgs followed by herd mate at £1600 for 570kg Lim. On the dairy side a 122month old Holstein from Cadfan Farm reached £1290 weighing 700kgs.

Topping p/kg was the two limmies as above at 280ppk for the 36-month-old 570kg heifer and the heavier 860kg to 227ppk.

Farms are encouraged to ensure their farm assurance status is up to date as abattoir pay premium for these animals.
