Prime Cattle Report (Red)

Auctioneer - Mark Burgoyne 07831 192603

155 PRIME CATTLE

Despite deadweight centres dropping their quotation by yet another large slice this week, the live market saw prices holding firm with trade probably just in front of last week. Our overall average of 199p/kg reflected this with fewer best types penned.

A small entry of steers sold to 238p/kg or £1567 in the lump, with bullocks selling in front of deadweight quotations. Butchers heifers sold to 249p/kg and met a buoyant trade considering the quality forward. £1443.42 was top price heifer per head.

We required lower bull numbers this morning with customers for around 50 bulls – more bull should be needed next week with one more order back in action. Handyweight Continentals sold to 233p/kg with heavies to 221p/kg for 672kg. Meat Holsteins sold to 177p/kg.

19 COWS & 1 STOCK BULL

Trade was pretty fair here also despite lower demand. Shapely Continental blonde cows sold to 190p/kg for 776+kg (£1474.40), with Blue cows to 161p/kg for 692kg. Best Friesian cows sold to 137p/kg for 648kg. Foreign cows sold about 10p/kg less than a UK equivalent. Lean Simmental stock bulls to 116p/kg for 938kg.

113 CLEAN CATTLE
